Arbitrary arrests in East Timor

The underground resistance in East Timor claimed that the Indonesian armed forces, ABRI, in East Timor are intensifying their military activities to dismantle the resistance's communication network.

The report says that in the last quarter - July, August and September - more than 100 people were arrested in the districts of Dili, Baucau and Viqueque. However it was only possible to unearth 42 names of those arrested.

for more information please contact Alfredo Ferreira FRETILIN's representative in Australia.
